

## **Charissa Wood, RDH**

I have been practicing dental hygiene since 1996. I joined the Atlanta Dental Spa team in 2009 and my passion for the oral systemic connection was ignited! Getting to journey alongside patients as they cross from poor health to wellness is so fulfilling! In addition to patient care, I act as the hygiene team lead for our four location practice and have spoken at conferences and written articles for Perio Protect and OralDNA as well as conducted practice consulting to elevate hygiene team systems and production.
