Speaker: Charissa Wood, RDH

Adding Firefighting to Your Dental Services: A Team Approach to Addressing Oral and Systemic Inflammation with Perio Protect (2 CE credits)

This empowering and informative course delves into the process and dangers of oral-systemic inflammation, the science of using Perio Protect to extinguish it, and the step-by-step procedures necessary to equip your team to be successful and ensure patient wellness. Special emphasis is on case presentation with hands-on application.

- Understand how oral inflammation triggers systemic inflammation and the health and disease risks associated with this process.
- Focus on the science and learn how Perio Protect can inhibit the inflammatory process, help manage periodontal disease, and shift your patients from chronic disease states to health.
- Identify the role that each team member plays in implementing Perio Protect and leave with a solid approach for helping every member feel empowered and ready to help your patients and practice succeed.

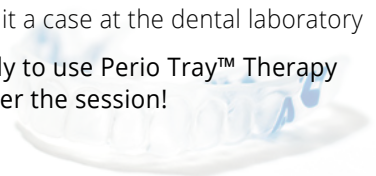

Speaker: Tanya Dunlap, PhD

Best Practices for Perio Tray™ Therapy (2 CE credits)

- The science behind Perio Tray™ Therapy
- The benefits and limitations of peroxide
- Treatment protocols
- Patient candidates
- Implementation strategies
- Insurance coding and costs
- Steps to submit a case at the dental laboratory

You will be ready to use Perio Tray™ Therapy immediately after the session!
