#### Getting Them to A.S.K. For Treatment: A Periodontal Case Acceptance Program (2 CE credits)

We see patients in a perceived state of health. Despite the unending research around the prevalence of oral disease, dental providers are met with a myriad of challenges when it comes to optimized case acceptance for advanced dental treatment. Using the "Assessment - Strategy - Knowledge" technique, learn how you can achieve high level treatment case acceptance simply by changing the dialogue around dentistry and ultimately: getting them to ask you for their needed treatment! Join periodontal hygienist Katrina M Sanders in this engaging and interactive program built to optimize periodontal treatment plan case acceptance.

- Identify the ways in which the assessment phase within the dental hygiene process of care is the greatest educational tool for dental patients.
- Develop a customized strategy to create unique, patient-centered and value-added conversation to drive patient involvement.
- Learn how to thread knowledge into all facets of the dental hygiene process of care, providing the patient with a comprehensive awareness of their oral and systemic health.

### Speaker: Tanya Dunlap, PhD

#### Best Practices for Perio Tray™ Therapy (2 CE credits)

- The science behind Perio Tray™ therapy
- The benefits and limitations of peroxide
- Treatment protocols
- Patient candidates
- Implementation strategies
- Insurance coding and costs
- Steps to submit a case at the dental laboratory

You will be ready to use Perio Tray™ therapy  
immediately after the session!
